While healthy it also offers plenty of energy when consumed during adventures which is exactly what we need

As for the main dish

Striped Buffalo poêlé with Tapenade sauce

賢者の弟子を名乗る賢者

She professed herself pupil of the wise man.

For appetizers we have

Rubyshrimp with some shellfish marinated in wine and some mixed beans

And a soup made from cheese, walnut and cupid leaves

Great for relieving fatigue

コトッ

Today's meal is great as well

It's fine... It's fine.... There is always more room for dessert

It overlaps a bit with Mira's applepie's custard but be sure to eat this too

crème brûlée

As for dessert

キラ

How... How could this be...

わなわなわなわな

ダンジョン内でも優雅にお食事！

イスとテーブルまで!!

To think that you would bring such gourmet food to the deepest parts of the dungeon

賢者の弟子を名乗る賢者

She professed herself pupil of the wise man.

I guess since we have access to item boxes, there is no need go with the standard procedure of taking hard bread dried meat and whine

Being in charge of expenditure is the best!

Although cooking food is left to us men

You can't fight on an empty stomech so our guild doesn't skimp on food

Hmm?
Does that
name ring
a bell?

About
the person
you wanted
to meet
through the
mirror being
Howard

Yes...
Maybe..

Speaking
of which
I happened
to overhear
a little bit

It
Might be
the person
that I know

Is that so..

Was it a selfproclaimed demon researcher that looked like this?

Yes precisely! That's the one

あたま

Well that's indeed the case....

You were shouting his name while holding a bottle of holy water so i thought it might be him

聖水じゃ

A long time ago in the dungeon of the Lion King he poured some holy water on me

Is it related to the fact that lesser demons have begun appearing again recently?

Then perhaps

As i thought... I've only heard bad things about about them

It's not unrelated

むぐ

むぐ"

I only know about the incident concerning Arkite, but were there other incidents?

Yes

Again? Started appearing around Arkite as well?

It seems like they recently started appearing around Arkite as welll

Knowing as much about the incident as king Solomon.. I guess they're not major guilds for nothing

Information concerning lesser demons is made public so that everyone can take caution

Advising adventurers to steer clear of those kingdoms for a while

Some information was shared through the major guilds' network about how three kingdoms including Arkite have had to deal with groups of lesser demons these past few weeks

Even back when this was a game it was never clear what the goal of the lesser demons was

But whenever they disappeared all they left behind was malice and discomfort

However this time it seems like their outbreak has a clear purpose

I see....

Oooooo Mi.... Mira!!!!!!!!!

Which is why it's all the more disappointing that I can't meet Howard even if he is just a selfproclaimed demon researcher

Even though I have no proof, it just feels like I'm on to something

Phew..

By the way Emella

Uff

Even your serious expression is cute!!!

I only met him that one time, so it's probably not enough

I see

Do you happen to have a deep connection with Howard ? In which case I would like you to call him through the mirror

Then why don't you try going to the village of Iblis?

If i remember correctly the mirror doesn't require a bond but simply having a connection with the person is enough

It's the place he researched last and there might be something he left behind there

You can always flip the switch back to the "Mira is cute" mode

No thanks!!

Ohhh... Flicker's Intelligent mode is so reliable!

It's quite far from Arkite, but if its only to get some item then I can let Solomon send one of his men to get it instead

It's a bit far but I think it's worth a try

ふむ…

Whaaaa.....
Mira's thinking face, Her long eye lashes, her big eyes
So cute!!!!!!!!!!
Mira is soo cute!!!

はぁはぁ

Off!

ドスッ

だばだばだばだば

Thanks for the meal

It's alright, thanks

Need help with that?

To think that you two had this kind of talent

While it's true that not holding back when it comes to food is a policy made by our leader, there is also another reason for it

Oh?

It's said that a healthy body is the basis for being an adventurer

But you never know when something could happen to you preventing you from being an adventurer anymore

And when that happens, what will former adventurers do for the rest of their life?

Hmm,

But you never know what happens in life and so just to be on the safe side

It's important to learn various crafts so you have other options

Ofcourse there is no problem in continuing to be an adventurer if you can

Yea

Your guild leader is quite insightful. To think of ways to insure his guildmembers' future like that

Is everyone done cleaning up !?

Now then since we're done here shall we head back?

Ok!

Indeed lets go

Haha....
I appreciate your praise but after having had a taste of the apple pie that your maid baked, I feel that I need much more training

That was a really wonderful meal! Zeff and Asval are skilled enough to open their own restaurants

I'd have mixed feelings about that

You'd easily earn more money than we do through adventures

I know that your speciality is in meat dishes, but if you could add that level of sweets to your menu, it would be too incredible!

Um....

There shouldn't be any monsters and this place is somewhere even curious adventurers wouldn't visit

No

What..? Are you sure you're not mistaken?

Something is out there

Over there!

What are you two saying

No it's just as Zeff said

This is....
A demon?

ゴゴゴゴ

What's a demon doing here???

Holy Knight! Protect Tact and retreat to the castle

Ten years ago during the defense of the three heavnly kingdoms, they were supposed to have perished at the hands of the people who sacrificed many lives in order to exterminate the demons and their armies

Demons are an existence known as the absolute enemy of humanity

To think that I would find people in a place like this

ドオオ・・・

オオオ…

Looks like this will be a good offering

Dammit! He's coming for us

Are you capable of fighting something of this level?

It's an earl class

Mhm.. A third rank earl

When it was a game, third rank earls who are the lowest rank were still strong enough to rival senior players if not overpower them

Truthfully speaking if you mean on equal grounds then no

Perhaps if we made some some sacrifices

But you're dealing with a demon! Even if you're strong, there are limits!

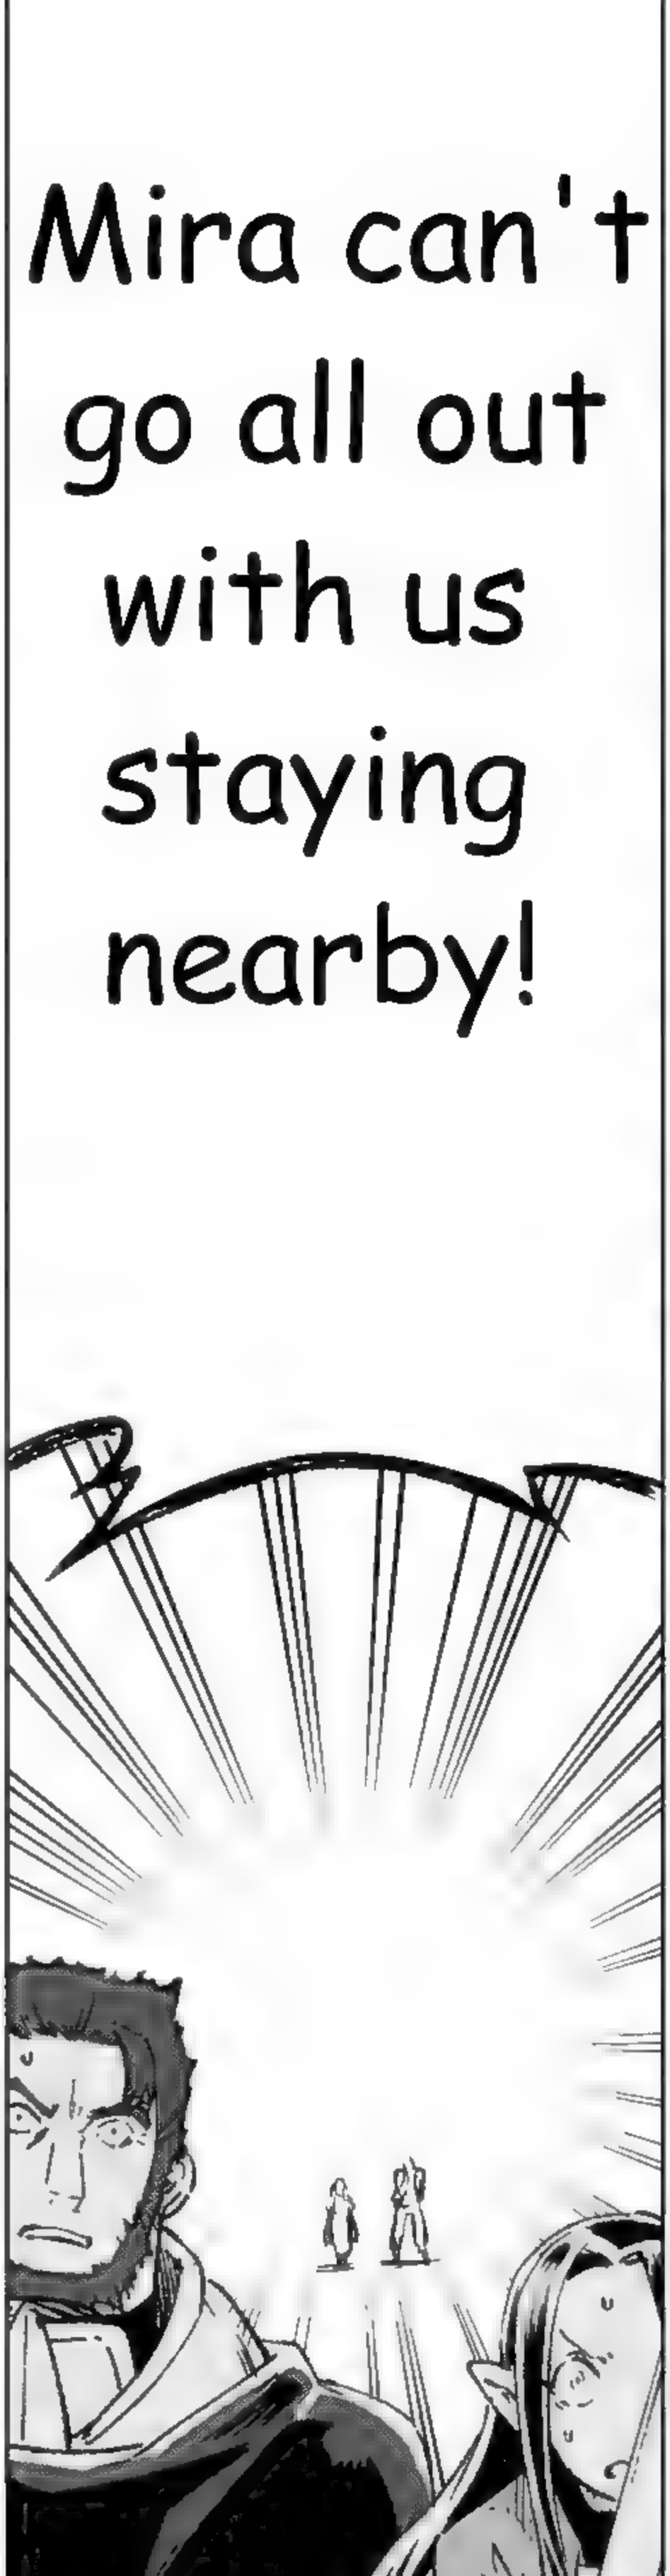
Then stand back, I will deal with him

Even if you wanted to summon that beauty Alfina, you would need some time

Indeed there doesn't seem to be enough time for that...

SO YOU GUYS STAND BACK!!!

Mira can't go all out with us staying nearby!



Be sure to run away if it gets too dangerous Mira!!!!

Sorry.. I'll leave it to you

FU

FU

FU

It can't be.....

Nnn!

Proper greetings... As expected from ranked demons... I'm Mira and as you can see I'm a summoner

Even if you fight defensively there is no escape from this Soulhunter of Vernarius Wolft Bain

Are you done using your trifling wisdom human?

ドゥン

Hehehe If you're a summoner then all I need to do is get rid of that knight

Then it'll be all over

ドゴォ…

ドゴォ…

ドゴォ…

With this the knight who protects the princess is no more

Where did that summoner go?!

!

Wizardry
Skill

Tenrensho

Since I don't have my equipment nor items and this is my first real battle since this was a game, I wondered how it would go but

Its not so bad

To be continued
